Mr. L. D. Miles
Manager, Value Services
General Electric Company
One River Road
Schenectady 5, New York

Dear Mr. Miles:

It was indeed an honor to have you depart from your many West Coast activities to join Aerojet's Management, Value Engineers and guests at the special Value Engineering luncheon held last January 29th.

Having spoken of you and your concepts of value so many times over recent years, it was certainly a pleasure for us to meet the man who first conceived and pioneered the functional elements of Value Engineering, and to discuss our own Value Programs.

As you know, your talk was the major mile-post to Aerojet's Value Engineering Program now approaching its second anniversary.

Many thanks and kindest regards.

Very truly yours,

AEROJET-GENERAL CORPORATION

C. E. Jones
Head, Value Engineering
Azusa Plant
