1886

BIBLIOGRAPHY

of

PUBLIC HEALTH AS APPLIED TO PHARMACY

by

CLARENCE EMIL BUTENHOFF

36 P. D.

(Committee)

1898

A Thesis submitted for the Degree of

BACHELOR OF SCIENCE

(Pharmacy)

Contains a summary of Austrian laws relative to health insurance as applied to the worker.

Gebhard, H.

1899

Die gemein- und sonderlast, das gemein- und sondervermogen der landesversicherungsgesetz von 13 Juli 1899.

Discusses invalidity and gives statistics regarding sickness and expense incurred. Contains nothing of pharmaceutical interest.

Jaffee, K.

1903

Stellung und aufgaben des arites auf dem gebiete der krankenversicherung.

(S.G.L.I., S. 3, V. 9, P. 165;)

University of Wisconsin

Itschner, I. 1886

Staatliche, obligatorische krankenversicherung; referat ...
St. Gallen, 1886

36 P. D.

Discusses health insurance in regards to maintenance and medical benefits in workingmen's insurance.

(Committee) 1898

Statutes, etc.

Gesetze und verordnungen betreffend die krankenversicherung der arbeiter. 2. aufl. Austria, Laws.

Contains a summary of Austrian laws relative to health insurance as applied to the worker.

Gebhard, H. 1899

Die gemein - und sonderlast, das gemein - und sondervermogen der landesversicherungsgesetz vom 13 Juli 1899.

Discusses invalidity and gives statistics regarding sickness and expense incurred. Contains nothing of pharmaceutical interest.

Jaffee, K. 1903

Stellung und aufgaben des arztes auf dem gebiete der krankenversicherung.

(S.G.L.I., S. 3, V. 9, P. 165;)

The original was not available.

Keiner, O. *and its effect on society, but contains nothing of pharmaceutical interest.* 1904
Die entwicklung der deutschen invaliden - versicherung;
eine volkswirtschaftlich - statistische untersuchung.

Bellon, M. Deals with invalidity from 1887 up until 1904. Discusses its extent in the various social classes, but fails to give any information relative to Pharmacy. 1906
Assurance contre l'invalidité.

The original was not available.

Maass, A. 1904

Budeck, Handbuch zur durchführung des invalidenversicherungsgesetzes vom 13. Juli 1899 ... 2 ed. *Das gebiete der unfall- und invalidenversicherung.*

The apothecary is mentioned in the social setup, but nothing is said regarding his duties or anything pertaining to the dispensing of drugs.
The original was not available.

Hahn, J. 1905

Das krankenversicherungsgesetz mit den abänderungsgesetzen und den die krankenversicherung betreffenden bestimmungen der ubrigen reichsversicherungsgesetze sowie den wichtigeren ausfuhrungsbestimmungen. 1906
L'assurance contre les accidents. Observations complémentaires et professionnelles. 5 ed.

Discusses health insurance and related subjects as they exist in Germany. Contains nothing relative to Pharmacy.
The original was not available.

Becker, L. 1907

Lehrbuch der ärztlichen sachverständigen - tätigkeit für die unfall- und invaliditäts- versicherungsgesetzgebung. 5 ed. 1905

Die vorteile der invalidenversicherung und ihr einfluss auf die deutsche volkswirtschaft ...

Discusses invalidity in Germany

Jour. Am. Med. Assoc., V. 53, P. 185.

(S.G.L.I., S. 3, V. 9, P. 615;)
Gibbon, I. G. 1912
Medical benefit, a study of the experience of Germany and Denmark.

Brings out the principal facts respecting medical benefit under the insurance laws of the two countries, and the lessons that may be learned from their experience. Deals with questions relating to medical service, the provision of medicines and of other medical and surgical requirements, and institutional treatment. 1914
The original was not available.

Pieton, L. J. 1912
(Committee) 1914
A scheme for medical benefit.
Brit. Med. Jour., 1912, V. 2, P. 350.
(S.G.L.I., S. 3, V. 9, P. 616;)

Suggests a medical register giving a free choice of the physician, but says nothing of pharmaceutical interest.

Orris, W. J. 1913
The national health insurance act; an alternative scheme.

The original was not available.

Wis. Med. Jour., V. 13, P. 301.

Allen, R. A. Deals only with the medical profession and social insurance, and does State insurance against sickness. 1914

Jour. Am. Med. Assoc., V. 63, P. 185.

Fisher, J. (S.G.L.I., S. 3, V. 9, P. 615;) 1914

Argues in favor of State health insurance and urges the public to follow some such plan.

(S.G.L.I., S. 3, V. 9, P. 615;)

Brend, W. A. Advocates a very rigid system for prescribing. 1914

The National Insurance act at work.

Med. Press & Circ., V. 97, P. 308.

Force, J. H. 1914

(S.G.L.I., S. 3, V. 9, P. 616;)

Social insurance in its relation to tuberculosis.

Calif. State Jour. Med., 12, P. 329.

(S.G.L.I., S. 3, V. 9, P. 616;)

(Committee) 1914

The original was not available.

Evaluation of the industrial hygiene problems of a

state.

Frankel, L. 1914

Public Health Bulletin, No. 236.

Sickness insurance. Vienna plan for prevention of

sickness. Includes a list of equipment useful in the conduct of engineering and medical studies in industrial hygiene.

An address given before the Detroit conference of Sickness and Accident Insurance Companies in which is discussed

Commons, J. Vienna's plan of insurance and its superiority to others. Brings forth nothing. 1914

Social insurance and the medical profession. Address

... before the state medical society at Oshkosh, Wisconsin,

October 7, 1914. 1914

Wis. Med. Jour., V. 13, P. 301.

Deals only with the medical profession and social insurance, and does not touch on any pharmaceutical phase.

Fisher, J. B.

1914

Health Ins.
National Health Insurance.

Brit. Med. Jour., 1914., V. 2, P. 165.

(S.G.L.I., S. 3, V. 9, P. 616;)

Advocates a very rigid system for prescribing.

Force, J. N.

1914

Social insurance in its relation to tuberculosis.

Calif. State Jour. Med., 12, P. 329.

(S.G.L.I., S. 3, V. 9, P. 616;)

The original was not available.

Frankel, L.

1914

Sickness insurance. Vienna plan for prevention of

sickness.

Hyde, E.
An address given before the Detroit conference of Sickness and Accident Insurance Companies in which is discussed Vienna's plan of insurance and its superiority to others. Brings forth nothing of interest to Pharmacy.

Hyde, E.

1914

Miscellaneous notes, (Health Ins.)

Notes on health insurance, but
nothing on Pharmacy.

Health Ins.

1914

Hyde, E.

Sir John Collie, quoted in Post magazine and Insur-
ance Monitor.

Deals with fraudulence in social in-
surance and methods by which it is
checked.

The original was not available.

Hyde, E.

1914

Medical benefit, with special reference to contract
practice.

General remarks on medical benefit.
Discusses foreign methods of health in-
surance and their objectives. Generally
included is the provision for free drugs
or for partial payment. Discusses the
pharmaceutical side of insurance to a
greater extent than most articles on
health insurance.

Oliver, Sir T.

1914

Hyde, E. An address on medico-social problems from an insurance

point. Malingering and medical referees in England.

Cites various cases where benefits
are abused, thus necessitating the need
for medical referees.

U.S. - Industrial relations Comm.

1914

National insurance and old age pension. An assisted

voluntary system.

1914

Prof. Discusses chiefly the economics of health insurance and the age limitations.

Mackintosh, D. J.

1914

National insurance in Germany and England.

Van der Jour. Pres. Med. & Social., V. 16, P. 7.

1914

(S.G.L.I., S. 3, V. 9, P. 616;)

Brit. The original was not available.

(S.G.L.I., S. 3, V. 9, P. 616;)

Niederer, E.

1914

Das krankenkassenwesen der schweiz und das bundesgesetz

vom 13 Juni 1911.

Contains a brief summary in respect to dispensing by pharmacists. Also contains statistics showing the economical effect of sickness on the country.

Warren, B.

1914

Calls attention to the necessity for keeping up the employer's interest in sickness funds.

Oliver, Sir T.

1914

An address on medico-social problems from an insurance point of view.

Warren, B. S. and Perlman, S.

1914

Lancet, 1914, V. 1, P. 947.

(S.G.L.I., S. 3, V. 9, P. 616;)

Deals almost entirely with social problems. It is against these contingencies and all that follows that life insurance, by syndicating risks, directs its useful energies.

Perlman, S. S. and Perlman, S. 1914

Preliminary report on welfare work and social insurance.

Suggests that medical and surgical relief be furnished to all persons. A report on welfare work and social insurance. Contains nothing of pharmaceutical interest.

Van der Brugh, J. P. 1914

The law of sickness insurance in Holland.

Brit. Med. Jour., 1914, V. 1, P. 1130.

(S.G.L.I., S. 3, V. 9, P. 616;)

Discusses the law of sickness insurance in Holland - including the strife between the Doctors and the sick clubs.

Warren, B. S. 1914

Sickness insurance.

Warren, B. S. 1914

Second preliminary report on sickness insurance.

Calls attention to the necessity for keeping up the employer's interest in sickness funds.

Warren, B. S. 1914

Sickness and disability insurance.

Warren, B. S. and Perlman, S. 1914

A tentative plan for sickness insurance of employees of interstate common carriers. [and] a tentative plan for sickness insurance for interstate employees.

Explains how medicines and supplies should be distributed under the system suggested.

Warren, B. S. and Perlman, S.

1914

A tentative plan for state sickness insurance.

Suggests that medical and surgical relief be furnished to all persons insured regardless to cause of disease or accident for a certain limit of time.

Warren, B. S.

1914

[Reports on plans for state sickness insurance.]

Enumerates various plans for sickness insurance. Included in some are the benefits of free drugs and medicines.

Warren, B. S. and Syclenstricker, E.

1914

Sickness insurance.

Discusses sickness as a problem of labor and suggests the need of a good plan to remedy this situation.

Warren, B. S.

1914

Sickness and disability insurance.

Outlines plans of investigation, administration, etc.

Warren, B. S.

1914

Preliminary report on sickness insurance.

Discusses factors important to health insurance. Gives nothing on Pharmacy.

Warren, B.

1914

Abstracts from the annual report, National Health Insurance administration for 1913-14.

Abstracted articles on sickness insurance inclusive of fees, certificates, security of societies, etc.

Dyzonski, T. V.

1915

(Committee)

1915

Social insurance.

Social insurance Series, Pamphlet No. 2.

The insurance committees have drawn up a list of drugs ordinarily supplied. Anything not included in the list must be prescribed on a special form. This list is a matter of agreement between the physicians, the pharmacists and the insurance committee of each area.

(Committee)

1915

Workmen's Compensation Laws. Social insurance Series, Pamphlet No. 1.

Includes list of states giving medical aid in this country. Discusses the generosity of medical aid and of drugs in various European countries.

Warren, B. S.

1915

(Committee)

1915

Connecticut Health Insurance; tentative draft of an act submitted for criticism and discussion by the committee on social insurance of the American association for labor

legislation.

Discusses the problem of health insurance in the state of Connecticut. Suggests the inclusion of drugs in bill submitted.

Dymouski, T. V.

1915

... Die alters - und invaliden - versicherung in der schweiz. Eine studie über die sozialversicherung.

Gives statistics as to maintenance acquired during sickness, but fails to mention drugs in medical benefits derived because of sickness.

Panchaud, A.

1915

Ueber medizinische Fragen in der unfallversicherung sowie über aufgaben und stellung des arztes nach dem bundesgesetz über die kranken - und unfallversicherung vom 13. Juli 1911 unter besonderer beruckaichtigung des art. 91 des U.V.G. Zurich.

(S.G.L.I., S. 3, V. 9, P. 615;)

The original was not available.

Warren, B. S.

1915

Sickness insurance, its relation to public health and the common welfare.

Pub. Health Rep. 30, P. 89.

(S.G.L.I., S. 3, V. 9, P. 616;)

The whole object of this type of relief is to provide for those dependent upon the worker during his illness until he is fit for duty, and to provide medical relief which will reduce the period of disability and suffering to a minimum.

Warren, B. S.

1915

Sickness Insurance, a preventative of charity practice.

Jour. Am. Med. Assoc., V. 65, P. 2056.

(S.G.L.I., S. 3, V. 9, P. 616;)

Discusses the trend toward collective action and insurance methods, also the conditions underlying the problem of the wage earners health. Also discusses to a small extent the relation to the pharmaceutical profession to sickness insurance.

Davis, M. N.

1916

(Committee) Statistics regarding the medical profession. 1916

Social Insurance Series, Pamphlet No. 7.

A report of the studies on the relation of the medical profession to the public. Contains nothing of pharmaceutical interest.

Davis, M. N.

1916

(Committee) 1916

American Association for labor legislation. Committee on social insurance, health insurance, standards and tentative draft of an act. 3 ed.

An outline of a bill for the purpose of calling forth specific criticisms and constructive suggestions of a practical health insurance measure for introduction into any American state.

Day, W. A. *Health Service, Public* 1916
Group insurance, its relation to the public health,

by B. S. Med. Rec. N.Y., 91, Pp. 421 and 519.

(S.G.L.I., S. 3, V. 9, P. 616;)

The departmental committee of the National Health Insurance Society recommends societies to alter their rules, so as to admit the payments in sickness due to venereal disease. They base their recommendation on the danger to the community of the venereal patient.

Hurley, J. *Boston Med. & Surg. Jour.*, 175, P. 922. 1916

(S.G.L.I., S. 3, V. 9, P. 617;)

Davis, M. M. 1916
A criticism of the Duten Bill and Existing conditions of medical practice, forms of service under health insurance, and preventive work.

Lasbert, Proc. Conf. Soc. Insurance, 1916, P. 694. 1916

Med. (S.G.L.I., S. 3, V. 9, P. 616;)

Soci. The original was not available.

Davis, M. M. 1916
Mentions that medical benefits are included in the provisions of health insurance act, but fails to mention anything that may be of

The medical organization of sickness insurance.

Med. Record, 89, P. 54.

(S.G.L.I., S. 3, V. 9, P. 616;)

Legge, R. T. Included in the benefits are provisions for the necessary medicines and appliances. Suggests that a sickness insurance law should permit medical service on either the cooperative or individualistic basis. 1916
Proc. Conf. Soc. Insurance, 1916, Pp. 505 and 519.

U.S. - Health Service, Public 1916
The original was not available.
Health insurance, its relation to the public health,
by B. S. Warren. ...

1916
Gives reasons for the need of more comprehensive measures for the relief of and protection against disease.

Hurley, J. J. 1916
Discusses health insurance and
The Doten Bill: Its graver errors.
Boston Med. & Surg. Jour., 175, P. 922.
(S.G.L.I., S. 3, V. 9, P. 617;)

A criticism of the Doten Bill and amendments suggested to better it. 1916

Lambert, A. 1916
Conf. Soc. Insurance, 1916, Pp. 476 and 511
Medical organization under health insurance.
Social Insurance Series, Pamphlet No. 6.

Mentions that medical benefits are included in the provisions of a health insurance act, but fails to mention anything that may be of pharmaceutical interest. 1916

Proc. Conf. Soc. Insurance, 1916, P. 512.

(S.G.L.I., S. 3, V. 9, P. 616;)

Legge, R. T. *The original was not available.* 1916

Students health insurance at the University of California. *I. N.* 1916

Proc. Conf. Soc. Insurance, 1916, Pp. 505 and 519.

Proc. (S.G.L.I., S. 3, V. 9, P. 616;) P. 684.

The original was not available.

The original was not available.

Lewinski - Corwin, E. H. 1916

Rubinow Health Insurance. 1916

Med. Rec., 89, P. 140.

Proc. (S.G.L.I., S. 3, V. 9, P. 616;)

Discusses health insurance and brings forth specific questions to be considered by the medical profession, but says nothing of the dispensing of drugs and medicine.

Rubinow, I. N. 1916

Perkins, G. W. *Insurance in relation to the Public Disp.* 1916

Trade-union sickness insurance. *Let No. 3.*

Proc. Conf. Soc. Insurance, 1916, Pp. 476 and 519.

(S.G.L.I., S. 3, V. 9, P. 616;)

The original was not available.

Rubinow, I. N. 1916

Potts, R. M. 1916

Social Insurance.
Joint-stock company health insurance.

Social Insurance Series, Pamphlet No. 5.
Proc. Conf. Soc. Insurance, 1916, P. 512.

(S.G.L.I., S. 3, V. 9, P. 616;)

The original was not available.

Rubinou, I. M. 1916

Medical services under health insurance.

Proc. Conf. Soc. Insurance, 1916, P. 684.

Rubinou, I. (S.G.L.I., S. 3, V. 9, P. 616;) 1916

The original was not available.

Rubinou, I. M. 1916

Health insurance.

Proc. Nat. Conf. Char., 1916, 434.

(S.G.L.I., S. 3, V. 9, P. 616;)

Rubinou, I. M. 1916

The original was not available.

Rubinou, I. M. 1916

Health insurance in relation to the Public Dispensary.

Social Insurance Series, Pamphlet No. 3.

Discusses a proposed bill on health insurance, but mentions nothing of direct interest to Pharmacy.

Rubinou, I. M. 1916

Standards of health insurance.

Rubinou, I. M. 1916

Social insurance.

Social insurance Series, Pamphlet No. 5.

Sydenstricker 1916

Discusses social insurance as a very practical, matter-of-fact movement to utilize the resources of

existing society in an effort to eliminate, as far as possible, extreme poverty or destitution in modern society by attacking the problem at its sources. Brings out nothing of importance or interest to Pharmacy.

Rubinou, I. M.

1916

Health insurance in relation to public health.
Social Insurance Series, Pamphlet No. 4.

Discusses the proper organization of medical aid as its effectiveness depends very largely on the thoroughness of the provisions concerning it.

Rubinou, I. M.

1916

Health insurance from the viewpoint of the physician.
Jour. Am. Med. Assoc., 47, P. 1011.

(S.G.L.I., S. 3, V. 9, P. 616;)

Discusses the relationship of health insurance to public health, but mentions nothing about Pharmacy.

Rubinou, I. M.

1916

Standards of health insurance.

Contains an excellent chapter on medical benefits, and deals with drugs and ordinary surgical supplies.

Sydenstricker, E.

1916

Existing agencies for health insurance in the United States.

States.

Proc. Conf. Soc. Insurance, 1916, Pp. 430 and 519.

(S.G.L.I., S. 3, V. 9, P. 616;)

The original was not available.

Van Kleeck, Mary

1916

Some problems of sickness insurance for women.

Proc. Conf. Soc. Insurance, 1916, P. 587.

(S.G.L.I., S. 3, V. 9, P. 616;)

The original was not available.

Wile, I. S.

1916

Health insurance from the viewpoint of the physician.

N. York. Med. Jour., 104, P. 1050.

(S.G.L.I., S. 3, V. 9, P. 616;)

Feels confident that physicians favor health insurance; but from the standpoint of medical economics a vital part to them is a remuneration for their services.

Andrews, J. B.

1917

Compulsory health insurance.

Jour. Am. Med. Assoc., 68, P. 994.

(S.G.L.I., S. 3, V. 9, P. 615;)

The reason health insurance is slow in starting in the United States is because nothing constructive has been suggested.

Andrews, J. B. (S.G.L.I., S. 3, V. 9, P. 616;) 1917

Health insurance legislation Month.

Bull, Penn, Dep. Labor, 4, P. 61.

(S.G.L.I., S. 3, V. 9, P. 616;)

The original was not available.

Anthony, F. W. 1917

The proposed health insurance legislation.

Boston Med. & Surg. Jour., 176, P. 431.

(S.G.L.I., S. 3, V. 9, P. 616;)

Discusses the proposed health insurance legislation, enumerating its fallacies and its benefits. Dispensing of drugs or medicines is not included in the discussion.

Appelbaum, S. J. 1917

Compulsory health insurance.

Jour. Am. Medical Assoc., 68, P. 1338.

(S.G.L.I., S. 3, V. 9, P. 615;)

States his objections to the Mills bill as applied to health insurance, but gives nothing on Pharmacy or dispensing of medicine.

Beal, J. H. (S.G.L.I., S. 3, V. 9, P. 615;) 1917

Concerning proposed compulsory health insurance legislation.

Midland Drug & Pharm. Rev., 51, P. 306.

Burnham, A. (S.G.L.I., S. 3, V. 9, P. 616;)

1917

The Provisions for the recognition of the pharmacist's right to existence are conspicuous by their absence from the standard bill. The words pharmacy and pharmacist do not appear in any of its provisions and the only reference to pharmaceutical interests is in Section 12, which includes medical benefits and supplies, but no mention is made of the manner in which these supplies are to be obtained or furnished.

Bradley, R. M.

1917

Health insurance and the medical profession: from the financial and administrative point of view.

Boston Med. & Surg. Jour., 177, P. 698.

(S.G.L.I., S. 3, V. 9, P. 615;)

Is afraid the respect associated with the practitioner will be shaken and that they would prefer to organize themselves rather than to have the state organize them.

Burnham, A. C.

1917

The problem of the medical care of five million individuals.

Med. Record. N. Y., 91, P. 361.

(S.G.L.I., S. 3, V. 9, P. 615;)

Deals with medical care in New York State, and brings forth the fact that the practitioner, because he is afraid of a legitimate fee, opposes any form of health insurance.

Burnham, A. C. 1917

The medical administration of health insurance.

Albany Med. Ann., 38, P. 78.

(S.G.L.I., S. 3, V. 9, P. 615;)

The original was not available.

Godman, E. A. 1917

Chapman, A. D. 1917

Compulsory health insurance.

Jour. Am. Med. Assoc., 79, P. 566.

(S.G.L.I., S. 3, V. 9, P. 616;)

Compares the present health insurance programs now in existence in Europe with our present health measures.

Cone, R. S. 1917

The chimera of compulsory health insurance.

Jour. Am. Med. Assoc., 68, P. 2001.

(S.G.L.I., S. 3, V. 9, P. 617;)

Feels that not enough has been said or thought of to bring forth a satisfactory plan of health insurance as yet. He suggests more contemplation before hastily adopting any plan.

Cunningham, W. P. 1917

Health insurance.

New York Med. Jr., 106, P. 683.

(S.G.L.I., S. 3, V. 9, P. 616;)

Is definitely set against any form of health insurance and begs the medical practitioners to organize themselves against it.

Codman, E. A.

1917

A wise preliminary to the adoption of any compulsory health insurance act.

Boston Med. & Surg. Jour., 176, P. 435.

(S.G.L.I., S. 3, V. 9, P. 616;)

Believes in organizing the machinery we already have for the treatment of the sick and disabled and thus prepare a way for a health insurance act.

(Committee)

1917

Denmark. Sygekasseinspektør. 25 aar under sygekasseloven, 1892-1917.

København, 1917

Contains a summary of 25 year health insurance in Denmark.

(Committee)

1917

Statistik der heilbehandlung bei den versicherungstalten und sonderanstalten der invalidenversicherung für des Jahr 1912.

Deals almost entirely with statistics relative to public health,

but contains nothing of interest
to Pharmacy.

Curtis, W. G.

1917

The economic disadvantages of compulsory health insurance. *Proc. Internat. Assoc. Indust. Accid. Bds., 1916.*

Med. Rec. N.Y., 91, P. 387.

(S.G.L.I., S. 3, V. 9, P. 616;)

States it would be hard to enforce health insurance without aid of police power and a compulsory plan would be cumbersome and expensive.

Delphey, E. V.

1917

Compulsory health insurance; a criticism of the tentative draft and its promulgation.

Med. Rec., N. Y., 91, P. 357.

(S.G.L.I., S. 3, V. 9, P. 616;)

A comprehensive criticism of the proposed legislation and vital amendments for its improvement.

Dresser, F. F.

1917

The fallacious social philosophy of health insurance.

Boston Med. & Surg. Jour., 176, P. 244.

(S.G.L.I., S. 3, V. 9, P. 616;)

Believes that health insurance will not be effective because in its essence and in its machinery it is a

measure of relief and not of prevention.

Duffy, T. J.

1917

Ohio's experience with state insurance.

Proc. Internat. Assoc. Indust. Accid. Bds., 1916,
3, P. 227.

The way of health insurance.
Discusses problems of health insurance of which prescribing or the tendency toward excessive drug-ging is a major problem because of crowded insurance practice.
- Williams, P. 1932
The purchase of medical care through fixed periodic payment.
Discusses the purchase of medical insurance (1) through direct payment of patient to the medical practitioner or (2) through insurance. Contains provisions for filling of prescriptions under the latter form.
- Sinako, E. 1933

- International Labor office. 1933
Invalidity, old age and widow's and orphan's insurance. Second item on the agenda.
Report, 8, P. 533.
Deals wholly with the problems of pension concerning invalidity, old age and widows and orphans.
- Crandall, 1934
Health protection for the pre-school child.
Deals with the usual caution taken

Kulp, C. A. 1933
Am. Acad. Political & Social Science.
Social insurance, edited by C. A. Kulp. Supplement:
Some aspects of international economic questions. Phil. 1933.
Do we need compulsory health insurance? 170, P. 112.

A discussion of health insurance as to purposes, cash benefits, qualifications for benefits, medical benefits in kind, forms of service and effectiveness of health insurance. Also discussed is the unnecessary of health insurance in regards to need, cash and service benefits, medical profession under lay control and medical viewpoint.

Linden, J. 1933
Health insurance and hospitals.

A discussion of medicine in regard to hospitalization and health insurance.

Sinaiko, E. 1933
Insurance for medical treatment.

Discusses medical insurance in other countries and its possibilities in the United States. The advantages and disadvantages are discussed.

Crandall, B. B. 1934
Health protection for the pre-school child.
Deals with the usual caution taken

by health offices to prevent illness. Medical and pharmaceutical benefits are in forms of periodical examinations and vaccinations for prevention of disease.

International Labor office. 1934

Maintenance of the rights in course of acquisition and the acquired rights of migrant workers under invalidity, old-age and widows' and orphans' insurance. Fourth item on agenda.

Reports, V. 8, P. 224.

Discusses pensions and acquisition of rights of workers under this plan of insurance.

Ochsner, G. 1934

Social insurance and economic security.

Contains a chapter on medical services, but fails to bring out much concerning anything of pharmaceutical interest.

Schwenger, R. 1934

Die deutschen betriebakrankenkassen.

Contains nothing of pharmaceutical interest.

(Supplementary report)

Lee, H. 1935

Medical insurance from the standpoint of the laity and

the medical profession.

A study of health insurance representing the viewpoints of the laity and the medical profession. The trend toward health insurance in the United States.

International Labour Conference.

1935

Maintenance of rights in course of acquisition and acquired rights under invalidity, old age and widows and orphans' insurance on behalf of workers who transfer their residence from one country to another.

Report No. 1 (supplement) P. 2.

This supplementary report contains replies to the questionnaire on the maintenance of rights in course of acquisition and acquired rights under invalidity, old age and widows' and orphans' insurance on behalf of workers who transfer their residence from one country to another which were received by the international labour office too late for inclusion in the Blue Report previously published. The replies reproduced here are those of the governments of Czechoslovakia and Rumania.

International Labor office.

1935

Maintenance of rights in course of acquisition and acquired rights under invalidity.

(Supplementary report)

First item on the agenda.

Contains nothing relative to health insurance, but instead deals with unemployment.

Biehn, R. C. Chicago Sunday Tribune, October 11, 1936, P. 7. 1936

Certain trends in the socialization of medicine.

Thesis (M.D.) - University of Wisconsin, 1936,

contains bibliography.

In a thesis for the degree of M.D. at the University of Wisconsin, discusses what medicine has been doing in an attempt to solve the problem of providing adequate sincere medical case for all, without prejudice towards doctors, laymen, etc.

Burns, H. Discusses the public health need in the state of California, and of- 1936

Toward social security.

Contains a chapter on "The Sick and Disabled" which suggests health insurance and the free provision of medicine or at a greatly reduced price.

Folk, I. S. The article brings forth the fear 1936

Security against sickness; a study of health insur-

ance.

Gives some general observations on sickness insurance in Europe, and includes in medical benefits prescribed drugs which are on an approved list. Also gives conclusions drawn from a study of health and sickness insurance in foreign countries.

Steele, J. S. Debates the socialization of medical 1936

State medicine and slavery - Britain's modern burden.

(Editor) Chicago Sunday Tribune, October 11, 1936, P. 7, P. 12.

States that physicians are over-worked and a decline in the nation's health was evident, also that the panel system gives rise to abuses.

California - Legislature - Assembly.

1937

(Editor) Health insurance committee report of the Assembly interim committee on investigation of health and health insurance in the state of California.

Discusses the public health need in the state of California, and offers suggestions for a satisfactory plan.

(Editor)

1937

A discussion of federal subsidies for medicine.

Science Supplement, 86, P. 8.

The article brings forth the fear of the American medical association that aid from federal and other sources would put the federal government in a dominant position.

(Editor)

1937

Medical Care.

The Literary Digest, April 10, 1937, P. 18.

Debates the economics of medical care, but says nothing of direct pharmaceutical interest.

(Editor) P. L.

administration and examples where forms of health insurance are on trial in the United States.

(Editor)

1938

Health insurance.

(Editor)

1938

Science, Supplement., V. 88, P. 10.

A brief article discussing whether the proposed plan for health insurance will or will not be opposed by delegates of the American Medical Association.

Pharmacy will play in it.

(Editor)

1938

(Editor)

Medicine.

Time Magazine., June 27, 1938, P. 44.

Tells why some of the American Medical Association delegates favor social-economic medical procedures.

(Editor)

1938

The Federal Health Program and the American Medical Association Science, 88, P. 275.

A report by the House of Delegates of the American Medical Association for the consideration of the proposed federal medical care program which was submitted at the National health conference in Washington.

(Editor)

1938

Health Insurance

Time Magazine., P. 24, November 7, 1938.

A brief article on health insurance as proposed by the Roosevelt administration and examples where forms of health insurance are on trial in the United States.

(Editor)

1938

"If State Medicine Comes".

Am. Drugg, 98, P. 18.

The general outlook on socialized medicine and the part Pharmacy will play in it.

(Editor)

1938

State Medicine

Am. Drug., 98, October, P. 41.

Discusses the stand the pharmacist should take if some form of

State Medicine should arrive.

(Editor).

1938

Socialized Medicine exercises the medical profession.

Literary Digest, February, 1938, P. 18.

Criticizes the American Medical Association for not adopting a plan to care for all those in need of medical attention.

(Editor)

1938

Factory Doctors.

Time Magazine., June, 1938, P. 22.

Gives statistics of people enjoying a health program at expense of their employers. Gives a brief description of the program pursued.

Fischelis, R. P.

1938

Are we facing Socialized Pharmacy?

Am. Drugg., 98, P. 112.

Gives the reactions of Robert P. Fischelis after attending the national health conference, that future results may exercise a profound influence on the practice of Pharmacy and medicine.

(Editor)

1938

House of Delegates considers national health program.

Jr. Am. Med. Assoc., V. 98, P. 1188.

The House of Delegates recommended expansion of the public health services, as related to the control of certain infectious diseases, maternal and infant welfare, and similar projects, with the definite understanding that the need be established and that they be efficiently handled and economically controlled. There is nothing in relation to Pharmacy.
