W. D. Leggett, Jr.,  
Vice President-Engineering

April 4, 1962

Mr. L. D. Miles  
Bldg. 32G  
General Electric Co.  
Schenectady 5, N. Y.

Dear Larry:

Thank you for your very nice letter of March 22nd. I enjoyed my contacts with you as a Director of SAVE. I sincerely hope that I have made some contribution toward getting the Society off to a good start and that it will flourish in the future.

While we are on the subject of personal contributions, you are aware, of course, that I would not have accepted the Directorship except for the fact that you agreed to accept the Presidency. May I say that I feel you have done a remarkable job in putting together an organization and drawing into the the many diverse elements which must be welded together in order to make a society, in this a very new engineering field. It has been a pleasure to serve with you and I hope that your successes will continue and multiply.

Sincerely,

W. D. Leggett, Jr.
