Dear Zarah

I am so thankful you wrote me,
I am thrilled by what you are doing.
I am distressed by what the
Publisher or his representatives
are doing.

Today I wrote him again
requesting improvement and
a report on what steps were
taken for future improvement.

Geo. keep up the exciting work Zarah.

I usually keep one or two dozen
books on hand if the publisher
has a points you sometimes and
that quantity would help.

Very warmest regards to
you & your wife -

Larry
