Dear Mr. Miller:

We wish to express our appreciation for the services of Mr. L. D. Miles during the Value Analysis-Engineering Seminar recently conducted by this installation.

We were fortunate indeed to have Mr. Miles present the essential principles during the keynote address, and to take part in a panel discussion which was highly successful, if not the highlight of the program.

Mr. Miles' outstanding contribution to our program was confirmed by the attention and interest of the seminar participants and guests assembled during his talk, as well as by the favorable comments voiced later.

For your generous assistance and cooperation, we are deeply grateful.

Sincerely yours,

WAYNE D. LeFLEUR
